Location for U-TRAO Auto

Now the name you trust for home and business security also provides the easiest, most convenient, and affordable way to securely track your vehicles and their drivers. All you need is an internet-enabled computer or phone.

The Power of Mobile Tracking

- Locate or track teen and elderly drivers for enhanced peace of mind
- Manage company vehicles and employees more efficiently
- Locate and recover missing vehicles
- Track for unauthorized use of vehicles
- Receive tracking information on any internet-enabled computer or cell phone
- Ability to establish multiple "Alert Zones" to trigger alerts when a vehicle enters or leaves a defined area
- Email or text alerts sent when a vehicle exceeds a user-defined speed limit
- Can track up to 1000 vehicles with a single account using multiple vehicle groups and user logins*

*additional hardware devices required
